BERMUDESE ASPHALT LAKE.

Demand That President Surrender It and Other Property.

Caracas, Venezuela, Aug. 20.—It is reported that United States Minister Bowen has handed President Castro an imperative order that he surrender the Bermudez asphalt lake and other properties of the New York and Bermudez Co., which were seized by Venezuelan troops on July 26 last.

Washington, Aug. 20.—At the request of the New York and Bermudez Asphalt Co., the state department has instructed Minister Bowen to demand of President Castro that he instruct the attorney general to dismiss the receivership proceedings for the asphalt property, pending a final adjudication of the case.

The grounds on which the demand is made are that the company has a number of valuable contracts, which can not be filled so long as A. H. Carner is receiver and in possession of the workings. There is considerable doubt whether Venezuela can comply with the demand, since the receiver was appointed by the superior court, which adjourned on August 15 for 30 days.

IMMENSE HIPPODROMES.

New York Firm Will Erect Them in the Ten Principal Cities.

New York, Aug. 20.—The immense hippodrome that is being built on the Sixth avenue block from 43d to 44th streets, this city, while it will be the first of the kind in the country, will not be the only one.

Elmer S. Dundy, of Thompson & Dundy, made a statement Friday to the effect that it was the intent of the firm, together with the parties who are interested with them in erecting the hippodrome in Sixth avenue, to erect a similar hippodrome building in the ten principal cities of the United States.

The hippodrome is a radical venture in the amusement line in this country and the immense size of the building affords many advantages in presenting a permanent circus.

A VENOMOUS REPTILE.

It Came Near Ruining a Portrait of Judge Parker's Residence.

Esopus, N. Y., Aug. 20.—A snake four feet long, said to be a poisonous adder, Friday afternoon came very near ruining the oil painting which a Kingston artist is engaged in making of Judge Parker's home on an order from Chairman Taggart to decorate the rooms of the national committee in New York.

At sight of the approaching snake the artist sprang up, overturning his easel, which so startled the snake that it made for a hole in a tree. A bystander, more courageous than the artist, seized the tail of the snake, and, jerking it out, dispatched it. In the body of the snake a toad was found.

CRIPPLE CREEK MOB.

Three Attorneys and Twelve Other Men Deported.

The International Mercantile Co.'s Store Was Looted and Completely Wrecked by the Mob—No Troops Called For.

Cripple Creek, Col., Aug. 22.—No secret is made here of the fact that the deportation of Attorneys Eugene Engley, Frank J. Hanks and J. C. Cole and 12 other men from this district Saturday night was planned by members of the Mine Owners' association and Citizens' Alliance and was carried out under their direction. The El Paso, Victor, Findley and other large mines were closed down when the day shift stopped work and the miners of both day and night shifts were requested to assemble in Cripple Creek as trouble was brewing. A report had been in circulation that several hundred deported union men were returning to the camp in a body and it had been determined to drive them away again should they come.

This report proved to be groundless. However, other work had been laid out for the two thousand or more miners who swarmed into town and acting under orders given by leading citizens they proceeded to "round up" the federation attorneys, employees of the International Mercantile Co. store and others who have openly expressed sympathy with the Western Federation of Miners, and escorted them beyond the city limits. During the entire proceedings the sheriff of Teller county and the mayor and city marshal of Cripple Creek were out of town. Under Sheriff Parsons and Deputy Thomas Underwood attempted to control the mob, but were easily overpowered. Many of the deputies who have been regularly employed in the district since the riots early in June, it is alleged, were active as leaders of the mob.

City Marshal Charles N. Crowder arrived from Victor while the looting of the International Mercantile Co.'s store was in progress and essayed in vain to stop the destruction of property. The store is completely wrecked and the entire stock valued at several thousand dollars, destroyed or stolen.

Sheriff Edward Bell arrived from Denver after the mob had finished its work and took measures for the protection of the prisoners in jail. He said Sunday that he had no intention of asking the governor to send troops to the district. He had advised President Moyer and Secretary Heywood, of the Western Federation of Miners, he said, not to carry out their announced purpose of sending the deported miners back to this camp, as he would be powerless to protect them.

FIRED BY LIGHTNING.

Hall, Charleston, W. Va.; supreme inner guard, J. T. Haggard, Winnipeg, Man.; supreme outer guard, J. W. Thompson, Washington, D. C.; president of the board of control, C. E. S. Neal, Chicago; major general of the uniform rank, J. R. Carnahan, Indianapolis, Ind.

Louisville, Ky., Aug. 20.—The supreme lodge of Knights of Pythias Friday decided to hold their next biennial encampment in New Orleans, which won by a vote of 99 to 41. The encampment will be held the third Tuesday in September, 1906.

The supreme lodge has adopted new uniforms and equipments for all officers of the Pythian army, except general officers and the officers of the general staff. The uniforms adopted are practically the same as worn by the officers of the United States army. The full dress uniform must be worn by all companies organized and mustered in from and after the promulgation of the revision of the rules and regulations. The changes do not meet with the approval of the uniform rank as an entirety, and, had it been left to their vote, they would not have been made. The ruling of the supreme assembly, however, is final.

The Rathbone Sisters have voted to discontinue the insurance feature.

The Rathbone Sisters completed the major portion of their program for the biennial encampment, Knights of Pythias, with the election of officers. The following were chosen:

Lydia A. Monroe, Riverside, Cal., supreme chief; Anna M. Young, Zanesville, O., supreme senior; Nellie E. Merriam, Muscogee, I. T., supreme junior; Mrs. J. T. Cotton, Texas, supreme manager; Mrs. Josie Nelson, Union City, Ind., mistress of record and correspondence; Mrs. Ocea Bassford, Lancaster, Mich., supreme mistress of finance; Mrs. Clara L. Sawyer, Montana, supreme protectress; Mrs. Sarah Beecher, Connecticut, supreme guard.

The committee appointed to confer with the Pythian Sisterhood announced that owing to legal difficulties, amalgamation of the two orders was not feasible even under existing conditions.

Boston, Aug. 19.—Gen. Wilson W. Blackmar, of this city, was elected commander-in-chief of the Grand Army of the Republic by acclamation at the closing session of the national encampment Thursday, and Denver, Col., was selected as the place for the encampment of 1905.

B. Stillings, Massachusetts.

The G. A. R. convention was adjourned sine die shortly after 3 o'clock Thursday afternoon. The principal business was the passage of the resolutions declaring that any modification of the voting franchise should be along lines of "intelligence and fitness, and not along lines of race and color," disapproving of the admission of Sons of Veterans to secret G. A. R. meetings and the laying on the table of a resolution regarding the proposed fraternal convention of the survivors of the union and confederate armies.

Mrs. Mary T. Hager, of Chicago, was elected national president of the Ladies of the G. A. R. All the other branch organizations also were in session.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.—W. T. Brooks.

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boesche's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size 75c. At all druggists.—W. T. Brooks.
